

Welburn Hall School

Accreditation

Many of our pupils will have an individualised learning journey which will not always lead to academic achievement which can be measured in the manner of mainstream schools. Also, our small cohort class sizes mean that academic statistics can be unrepresentative and unreliable.

However, progress is carefully and regularly monitored, and pupils and students are set aspirational targets, both in terms of academic achievement and personal development.

KS4 and 5 students undertake accredited courses in OCR functional skills in English, Maths, and ICT entry level 1 through to level 1.

KS5 Students working below entry Level 1 work towards their Diploma in Personal Progress. All vocational subjects are accredited through City and Guilds and Btec entry level awards.

We are committed to enabling and supporting our pupils to reach their full potential in all aspects of their learning.
