All pupils at Welburn Hall School have an EHCP. Placement at Welburn Hall School should always arise from the SEND statutory process - either through a new assessment or Annual review. Welburn Hall School is a maintained, residential school (currently closed to residential) for pupils aged 8-19 with a wide range of 'generic' special educational needs and disabilities.

Procedure:

- Parents can make visits at any time before (or after) choosing Welburn Hall School, preferably beforehand. These prior visits do not in any way have a bearing on any subsequent decisions to place the child at the school, but in our opinion are invaluable for parents and children to support their decision-making
- An EHCP consult is received by Welburn Hall from the placing authority (usually NYCC)
- The Headteacher responds within 14 days as to whether the school can meet the needs of the child, or not
- If need can be met*, an appropriate transition plan and start date will be agreed
- If requested, key staff from Welburn Hall will attend an Annual Review at the child's existing school, once a place has been confirmed
- An induction programme, suitable to the individual child is created in partnership with parents and the predecessor school (as per our 'Entry and Exit' system)

Throughout the admissions process, from the first visit to the child starting with us, all staff communicate with parents to ensure as smooth and personalised a transition as possible.

*In line with the Code of Practice, parents/carers and LA can appeal through the Tribunal system, against any decision not to admit a child.
